

IDAHO SECOND JUDICIAL DISTRICT MENTAL HEALTH COURT

Nez Perce County

PARTICIPANT HANDBOOK

Revised Edition July, 2018

WELCOME

Welcome to the Second Judicial District Adult Felony/Misdemeanor Mental Health Court program (MHC). This handbook is designed to answer questions, address concerns and provide overall information of the MHC.

In MHC you are expected to follow the instructions of the judge and the probation officer as well as to comply with the treatment plan developed for you by the ACT Team. This handbook will detail what is expected of you as a participant in the MHC program. You are encouraged to share it with your family and friends.

PROGRAM DESCRIPTION

Mental Health Court Program is an opportunity to participate in treatment programs for mental health and substance abuse while under close supervision by the court system. It is designed for adults with a diagnosis of mental illness who have committed a crime. Instead of going to jail, defendants are given the chance to stay in their community while getting help following their treatment plans. You will be closely supervised by mental health professionals, and may receive treatment for substance abuse with frequent screening tests to check for drug/alcohol use. There is also close involvement with Probation and Parole, and with the court system. Participants in MHC will appear in court often (weekly in the beginning phases) to report to the judge about their progress. You are expected to be truthful throughout the duration of the program. The judge also receives reports from the MHC treatment providers, drug treatment counselors, and probation officers. The average length of the MHC is two years.

ELIGIBILITY CRITERIA

To be eligible to participate in the Mental Health Court you must:

- Have been charged with a crime.
- If you're facing a new criminal charge, the prosecutor must be in agreement with your participation in MHC.
- If you're being referred for a probation violation, it will be reviewed on a case-by-case basis with input from the prosecutor, probation officer, and defense attorney.
- Have been diagnosed with a qualifying mental illness.
- Be able to manage the structure of the program. On a case by case situation an IQ may be necessary to determine the ability for a client to participate in MHC.
- Each defendant must have received an LSI-R to evaluate for criminogenic risk prior to final acceptance and must be within the statewide standards for an offender to participate in MHC.

You may be excluded from MHC if you have a history of violent crimes, or current criminal charges of violence. Criminal history will be evaluated on a case by case situation.

No person shall be eligible to participate in drug court or mental health court if: The person is currently charged with, or has pled or been found guilty of, a felony in which the person committed or attempted to commit, conspired to commit, or intended to commit a sex offense. [IC §19-5604.b.2].

HOW DO I GET INTO MENTAL HEALTH COURT?

Referral into the MHC program may be made by your attorney, the prosecuting attorney, the judge, your probation officer, a mental health professional, a family member, or the participant themselves. Your attorney will decide if MHC is a good option for you, and your attorney will see that the screening process begins. After you have completed appointments with the necessary professionals an application will be given to the MHC team. If you are accepted into the program you will either continue with the attorney that you have been using or be appointed to a different attorney.

WHAT WILL HAPPEN IN COURT?

You will be required to plead guilty, or enter an admission to a probation violation, before you are allowed to enter the MHC program. You will not be sentenced on your guilty pleas unless you fail the program. You will not be able to withdraw your guilty plea if you are terminated or voluntarily drop from the MHC program.

Once you are in the program you will be required to attend court every week, on Wednesday, in the courtroom of Nez Perce County Courthouse at 8:30am in courtroom _____. When you come to court you will be called by name to come to the defendant's table and have a conversation with the judge. The judge will ask you how you're doing in your program, and he will give you a chance to ask questions or to ask for help with any problems.

If you have been told to attend a community based drug/alcohol meeting or support group then you must bring your attendance card with you to court every time you come. If you have a job you need to bring a copy of your pay stub to show the judge that you are working.

All participants in the program attend court together. Family members and friends are invited to attend court with you.

PROGRAM COSTS

There is a \$20 monthly program fee for court attendance. Your fee is paid at the court clerk's counter. Probation supervision fees will be paid as directed by your probation officer. Payment records will be reported to the judge as part of your progress reports. **All fees must be paid before advancement to the next phase and discharge from probation.**

PROGRAM RULES

As a MHC participant, you will be required to abide by the following rules:

ABSTINANCE:

All participants must remain completely abstinent of all illegal drugs and alcohol.

When a participant first enters MHC there is often a window of time when the urine screens come back positive for illegal drugs. This is especially true of drugs such as marijuana, which take some time to metabolize out of the system. In this case a first

positive urine screen is used to establish a base-line, and no sanction will be imposed as long as the lab reports continue to show diminishing levels of the drug in the urine. A significant increase in drug levels will be interpreted as a new use (note: in order to avoid a sanction for this first positive test a participant must be honest with the team about their recent drug use). In other words, if you tell us you have been using meth, but we also get a positive for cocaine, that could be interpreted as deception. Tell us what the screen will be positive for and we will work with you as you get clean. If you're honest with the team and come forward after a use, honesty will be taken into consideration when imposing any potential sanction.

Any prescription medication must be reported to the MHC team for review before it may be taken. Abuse of prescription drugs will be dealt with just like other substance use or abuse.

After establishing abstinence any positive lab report on a urine, saliva, hair sample or patch test will be interpreted as new drug use. When the MHC team has proof of drug use in a participant an immediate sanction may be imposed. If a participant disputes the results of the test they are entitled to ask for a confirmation test. Participants will be responsible for a minimum cost of \$25 for a confirmation that results in a positive test. Costs may vary depending on the type of substances that are being confirmed.

Dilute samples (creatinine reading less than 20 mg/dl) will be interpreted as a positive result. Dilute samples are a result of flushing urine by drinking large amounts of fluid and/or ingesting a product that will affect that creatinine level causing the sample to have no bi-products to test.

Participants are counseled on the importance of providing valid samples and the consequences if they attempt to alter their drug test.

Submit to oral, urinalysis and/or breathe tests as requested. You will be tested throughout the entire program for substance abuse and/or medication compliance. The MHC judge will have access to all drug testing results including any "stalls," failure to test, and may order a test at any time. A "stall" is considered the inability to provide a urine specimen within 15 minutes of the request. A "stall" and failing to report, or appearing late to submit a urine test, will be treated as a violation. Adulterated urine will be considered as a positive test. There is a zero tolerance policy for an adulterated, tampered, or the attempt thereof with your urine specimen may result in a jail sanction.

ASSOCIATIONS:

All associations must be approved by probation **There will be no association with other MHC participants (outside of court, treatment, or AA/NA functions) unless permission is given by the MHC team.** This includes giving or accepting rides to and from group functions.

You will be provided a notebook by the MHC ACT team that will include your list of approved and unapproved associations.

COMMUNITY BASED DRUG/ALCOHOL SUPPORT GROUPS:

Community based drug/alcohol meetings or support groups, i.e. AA/NA, Celebrate Recovery, or other approved recovery programs:

Participant's who are required to attend addiction treatment groups MAY be expected to attend these meeting on a weekly basis. Participants will need to show proof of their attendance by having the chairperson of the meeting initial their card. Mental Health court participants may not initial cards for other MHC participants. There is a direct link between the faithfulness of attendance at community based drug/alcohol meetings or a support group and the success of the participant who has a problem with addiction. Try out different meetings in order to find one that suits you. There are lots of meetings in the area at all times of the day and evening. Give this a chance to work for you. If you feel you're not connecting with the meetings then discuss this with your treatment provider.

You are also expected to get a sponsor as soon as possible after beginning MHC. A sponsor is a person working an active recovery program, who has a **minimum of two years of sobriety**, and with whom you will work the Twelve Steps of AA/NA. **Another MHC participant cannot be your sponsor.**

CONFIDENTIALITY:

Maintain confidentiality of other MHC participants. Treatment cannot succeed unless all participants maintain the confidentiality of other participants and of information disclosed in treatment.

COURT ATTENDANCE:

All participants in phase 1 and phase 2 of MHC will attend all sessions of court unless given specific permission to be gone. Phase 3 participants attend court twice a month and phase 4 once a month.

Permission to miss permitted in very rare situations. Examples of reasons that are **not** acceptable for missing court:

- no child care
- no transportation
- work conflict
- school conflict

It is imperative that you attend MHC sessions. If you have an emergency, call or text the coordinator, probation or treatment provider, otherwise a warrant may be issued for your arrest.

Always bring your signed community based drug/alcohol card with you to court if you are in an addiction treatment program. Also be prepared to show proof of employment by bringing your most recent pay stub if you have a job or proof of volunteer hours completed. The judge may ask to see both items.

Expect to remain in the courtroom until all participants have been called forward by the judge. If you have a pressing need to leave the courtroom before court is dismissed you may ask for permission ahead of time.

You will be expected to speak directly to the judge when your name is called to come forward in court. When he/she asks you a question answer with a "yes judge" or "no judge" instead of "yeah" (this is not a rule, but a suggestion). Be honest with the judge and speak up if you have questions or concerns about any aspect of your program.

However, it is recommended to not argue with the judge after the judge has made a decision. Respect goes a long ways.

As a participant, you will be expected to dress appropriately for court. Clothing bearing violence, sexual, drug, or alcohol related themes are inappropriate. No shorts, sleeveless shirts, short skirts, or other clothing that is provocative shall be allowed. It is preferred that noticeable body piercing should be removed for the court session.

Do not speak to each other while court is in session unless absolutely necessary. Whispering is distracting for the judge and the other people in the courtroom.

Court is open to the public. Feel free to invite family members and friends to accompany you to court, but tell them about the rules before they come in.

Turn off all cell phones and pagers before entering the courtroom.

If you have questions for the team do not whisper to us during court because we must be paying attention to what the judge is saying to the participants and vice-verse. It's a good idea to write down your questions and give them to us on a note. We will either answer you then, or give you a call in the near future to discuss your question.

CURFEW:

All participants are to comply with curfew, according to their phase. This curfew is in effect seven days a week and includes holidays. A probation officer and/or a law enforcement officer will perform random checks to see if you are at home when you are supposed to be home. A curfew violation is considered a sanctionable offense.

PETS:

You are to notify the Coordinator or Probation Officer if you are thinking of owning an animal. The responsibility of being a pet owner can have effects on your participation in the MHC program.

SOCIAL MEDIA:

Social media accounts may be monitored by probation or any team member. If inappropriate behaviors are occurring, then you may be required to delete your account(s).

RELATIONSHIPS:

All personal relationships must be approved by the MHC team (see associations).

PERSONAL ACCOUNTABILITY

Do not make threats towards other participants or staff or behave in a violent manner. Violent or inappropriate behavior will not be tolerated.

TREATMENT ATTENDANCE:

***All participants are expected to attend all scheduled sessions of treatment, and to be on time for all sessions.** Absence or tardiness from treatment will result in sanctions. Missing a treatment appointment can result in community service hours for the first offense, but additional misses may double the penalty. If you were to miss more than two

classes for example you may be required to restart the group. Missing treatment repeatedly may result in serving some jail time, as does repeated tardiness.

Be on time. If you are late for treatment, you may not be allowed to participate and may be considered non-compliant. Contact your counselor or probation officer if there is a possibility that you may be late. Permission to miss or be late can only be given by your probation officer or treatment provider.

Repeated violation of program rules could result in termination from the program.

MEDICAL CONDITIONS

In general, if you have a serious medical condition you will not be excluded from MHC. You must be willing to fully disclose your condition and medical care to the treatment providers and the MHC team. A consent of release will be required in order for the team to be informed and current of your medical condition. If you are taking a prescribed medication for your condition you must continue to do so at the recommendation of your provider. Although we can be flexible and work around your condition, you must be able to engage in and complete treatment.

If your medical provider prescribes medication you must bring in the prescription and show your probation officer and your treatment provider. We also require that you notify the medical professional of your addiction. Each participant is given a medical ID card which must be initialed by the medical staff and brought to MHC each time you are seen by a medical provider, including dentists.

PROGRAM FEES

As a participant, you agree to pay a maximum MHC program fee of \$20 per month (this may be adjusted on a case-by-case basis), in addition to Cost of Supervision fees. Payment will be made as directed by the coordinator. Payment records will be reported to the judge as part of your regular progress report. This fee may be adjusted by the treatment team if necessary and more appropriate to an individual client's treatment. These fees must be current in order to travel out of state.

COMMUNITY SERVICE

One of the sanctions frequently assigned by the judge is community service. This is work performed for no pay, and must be done for a nonprofit agency. If you are thinking of doing volunteer work for a needy individual that work must *first* be approved by the MHC team. Permission is usually given if a nonprofit agency agrees *in advance* to sponsor your volunteer work and sign for your hours.

- There will be no credit given for community service performed while in jail.
- A community service report is provided to you by your probation officer.
- There is a workmen's compensation fee requirement for all community service hours. You must pay approximately 60 cents per hour of community service (in advance) at the Clerk's window of the courthouse.

DRUG TESTING

Overview:

The MHC participants shall submit to breath, saliva, and urinalysis testing to check for the presence of alcohol and drugs for the duration that they are in the court program. Hair samples may be requested by the MHC team. Upon admission into the MHC program, participants will be assigned a number and will be required to call into an automated “UA Line” 7 days a week, including holidays, to see if their number has been called and if a drug test is required.

Should a drug screening report indicate a positive alcohol or drug level, dilute, or should a participant fail to report, the Coordinator will notify the team members.

Should a positive result occur, the participant will have the right to ask for a confirmation test. In most cases, positive samples are confirmed at the request of the Coordinator or other team member. If the confirmation comes back positive, the participant will be required to pay \$25 to cover the cost of the confirmation. Results of confirmed tests will be provided to the team.

In the event of continuous false positives, the participant will be required to pay for the cost of the confirmation.

Hours and Location of Testing in Lewiston:

Location: ChangePoint
1020 Main St.
Lewiston, ID 83501

Hours: Daily, including holidays and weekends, 6:30am – 8:00am – No exceptions unless otherwise approved by the court.

Collection Procedure:

Participants should remove jackets, coats, and large pocket items before entering the lavatory. Purses or other carried items should be left outside of the lavatory.

All participants should wash their hands with soap in cold water and thoroughly dry them prior to voiding.

Participants must roll up any long-sleeved shirt or blouse and the collector should examine the participant’s arms and hands before voiding occurs.

Participants undo pants so complete pubic area is in view.

The collector then gives the sample cup to the participant. The collector must have an absolute view of the participants voiding into the collection bottle or cup. The collector must physically observe the urine leaving the participant’s body. The collection bottle must be at least ½ **full or more**. If the participant cannot provide a sample that fills half of the cup then he/she will need to remain at the collection facility within the 6:30am-8:00am hours to increase the amount of urine necessary for testing the sample. If the

facility closes, then the collection is uncollectible due to providing an insufficient amount. This can be sactionable.

Females: In the case that the subject body size prohibits absolute view of the participant voiding, the collector will utilize a “hat” type collection device and have the participant void into the “hat.” The participant will keep her hands in view at all times during the collection process.

The collector then takes the collected sample, securely places the lid on the sample. The participant and collector will then sign the chain of custody form and security seal. The participant will then place the security seal over the lid of the sample and affix the pre-printed chain of custody label around the bottle. The participant will then place the sample in the collection bag and the collector will seal said bag.

The participant is then allowed to finish and wash their hands and leave the facility.

Possible testing of family members/friends:

Associations may be required to be tested for drug/alcohol at the discretion of the MHC team. The cost will be provided to you and that individual. The charges for those costs will be added to your account with the courts. It will be your responsibility to pay for these expenses.

PROGRAM PHASES

Pre-Acceptance Phase: You may be required to participate in this phase. The focus of this phase, is intended to allow the offender to maintain a brief period of sobriety. Participants will:

- Make an appointment with the Adult Mental Health at the Department of Health and Welfare (DHW) to receive an evaluation.
- Make an appointment with the designated treatment center to receive a drug/alcohol abuse evaluation.
- Make an appointment with Department of Corrections (felony probation) or Justice Services (misdemeanor probation) for an LSI screening.
- Attend a community based drug/alcohol meeting or support group, i.e. AA/NA, Celebrate Recover, NAMI as directed.
- Submit to random and frequent drug screening and/or breath tests.
- Submit to a 9:00pm curfew.

The pre-acceptance phase requires following the requirements that are necessary to be admitted into the MHC program. Some participants will already meet some of these criteria by having completed prior education/treatment programs; or some participants will have achieved a period of sobriety due to being incarcerated. In cases such as these, the pre-acceptance/detoxification phase may be shortened to the length of time necessary to complete the evaluations and develop a treatment plan. Some participants will be held in jail until housing and/or detox is accomplished and the participant demonstrates a willingness to participate in the MHC program.

Phase One -Stabilization: The focus of this phase, anticipated to 4-6 months, is to engage and support you in your treatment plan.

Participants will:

- Appear in court once a week.
- Report to your probation officer once a week or as ordered by the court.
- Engage in Treatment with the Assertive Community Treatment (ACT) team and determine a treatment plan. Remain or become compliant with mental health treatment directives. This will include daily medication monitoring throughout phase I.
- Remain compliant with ALL mental health treatment directives. This includes strict compliance with medication recommendations. You will be given a MHC binder with materials that you will review with various team members. You will need to have the section for Phase 1 completed before advancing to Phase 2.
- Attend groups and individual counseling-frequency as determined by the treatment provider. Competencies in treatment groups and individual counseling must be met in order to complete Phase 1.
- Permit random unannounced home visits by probation officers or other law enforcement agencies.
- Be subject to random drug and alcohol screening tests.
- Maintain clean and sober living.
- Attend community based drug/alcohol meetings or a support group if ordered by the court.
- Obtain a sponsor if ordered by the court. You are to review your decision in selecting a sponsor with your treatment provider.
- You are to select a community based drug/alcohol home group and participate in service work.
- Obtain employment or volunteer service in the community if ordered by the court.
- Be subject to a 9pm curfew.
- Comply with all terms and conditions of your probation agreement.
- Comply with any other requirements of the MHC program.
- Complete Phase 1 competencies before moving to Phase 2.

During Phase 1 you are expected to fully participate in MHC. Part of your treatment plan may include abstinence from drug and alcohol use and to develop the skills necessary to maintain this state. Treatment may also include taking medications as recommended and prescribed by health care professionals.

In order to advance to Phase 2, you must have a phase interview, complete phase 1 competencies and phase 1 tasks in your binder and receive a recommendation for phase advancement by the MHC team. You must have a period of continuous clean urine screens and no dilutes or tampered UA's; have a positive probation report; be recommended for promotion by the ACT team and by your treatment provider; have your court fees paid and have all other Phase 1 requirements met.

Phase Two- Decision-Making: The focus of phase 2, anticipated to be 4-6 months, and to demonstrate a commitment to treatment and willingness to live within the law, and living without alcohol and other drugs.

Participants will:

- Appear in court once a week.
- Report to your probation officer a minimum of three times per month as directed by the court.
- Engage in Treatment with the Assertive Community Treatment (ACT). Follow your treatment plan.
- Remain compliant with ALL mental health treatment directives. This includes strict compliance with medication recommendations. You will be given a MHC binder with materials that you will review with various team members. You will need to have the section for Phase 2 completed before advancing to Phase 3.
- Attend groups and individual counseling-frequency as determined by the treatment provider. Competencies in treatment groups and individual counseling must be met in order to complete Phase 2.
- Permit random unannounced home visits by probation officers or other law enforcement agencies.
- Be subject to random drug and alcohol screening tests.
- Maintain clean and sober living.
- Attend community based drug/alcohol meetings or a support group if ordered by the court.
- Continue to meet with your sponsor and work the 12 steps.
- You are to do service work for your community based drug/alcohol home group and participate in service work.
- Obtain employment or volunteer service in the community if ordered by the court.
- Be subject to a 10pm curfew.
- Comply with all terms and conditions of your probation agreement.
- Comply with any other requirements of the MHC program.
- Complete Phase 2 competencies before moving to Phase 3.

During Phase 2 you are expected to fully participate in MHC. Part of your treatment plan may include abstinence from drug and alcohol use and to develop the skills necessary to maintain this state. Treatment may also include taking medications as recommended and prescribed by health care professionals. In order to advance to Phase 3 you must have a phase interview, complete phase 2 competencies and phase 2 tasks in your binder, and receive a recommendation for phase advancement by the MHC team. You must have a period of continuous clean urine screens and no dilutes or tampered UA's; have a positive probation report; be recommended for promotion by the ACT team and by your treatment provider; have your court fees paid and have all other Phase 2 requirements met.

Phase Three - Community Transition: The focus of Phase 3, anticipated to be 4-6 months, and to continue working on relapse prevention and maintaining a crime-free life. Emphasis will be on educational, social, and vocational training as needed.

Participants will:

- Appear in court the first and third Wednesday of the month.

- Report to your probation officer in person at a minimum of twice per month or as directed by the probation officer or ordered by the court.
- Attend group and individual counseling – frequency is determined by the treatment providers. Competencies in treatment groups and individual counseling must be met in order to complete Phase 3.
- You will continue to work on your MHC binder that contains the various phase documents. You will need to have documents for Phase 3 completed before advancing to Phase 4.
- Follow your treatment plan.
- Permit random, unannounced home visits by probation officer and other law enforcement agencies.
- Be subject to random drug and alcohol screening tests.
- Maintain clean and sober living.
- Attend community based drug/alcohol meetings or a support group if ordered by the court as part of your recovery.
- Be subject to 11 pm curfew.
- Maintain employment, volunteer service or begin an education program if ordered by the court.
- Attend life skills, health, employment, family, or educational programs as directed.
- Comply with all terms and conditions of your probation agreement.
- Comply with any other requirements of the MHC program.
- Complete Phase 3 competencies before moving to Phase 4.

During phase 3 you are expected to begin transitioning into the community, obtain independent living and be fully engaged in the Recovery Community. In order to advance to Phase 4 you must have a phase interview, complete phase 3 competencies and phase 3 tasks in you binder and receive a recommendation for phase advancement by the MHC team. You must have a period of continuous clean urine screens and no dilutes or tampered UA's; have a positive probation report; be recommended for promotion by the ACT team and by your treatment provider; have your court fees paid and have all other Phase 3 requirements met.

Phase Four -Independent Living: The focus of Phase 4 is to complete any additional treatment programs and to become independent in the community. Treatment may also include taking medications as recommended and prescribed your health care professional. Ongoing support and communication between you and your mental health service provider is encouraged. Phase 4 is a 6 month period and at the completion there is a graduation ceremony to include court documentation dismissing or reducing your charges (if this was the agreement prior to being accepted into MHC. Appear in court monthly; the first Wednesday of the month.

Participants will:

- No curfew.
- Attend Alumni meetings.
- Be subject to random drug and alcohol screening tests.
- Comply with all terms and conditions of your probation agreement.
- Complete any additional treatment programs.

- Complete documents in your MHC binder for phase 4.
- Comply with any other requirements of the MHC program.
- Complete any additional treatment programs prior to graduating.
- Meet with the team for an Exit Interview prior to your graduation.

Graduation Requirements: Length of the program, including all of the phases is a minimum of 18 months. Successful participants will graduate after completing phase 4. Court fees will need to be paid before graduating from the program. You can remain on probation if you have not paid the balance of any court ordered fees. All restitution will need to be paid before dismissal or reduction of charges or discharge from probation. You will need to complete the requirements of your treatment plan and demonstrate the ability to live independently. The MHC judge will have the final say as to your readiness to graduate.

TERMINATION FROM THE PROGRAM

This is a privilege to be in this program. Your participation is voluntary. You have the right to speak with your attorney and voluntarily terminate from the program, or you may be removed from the program at the discretion of the MHC team for not following the rules, for not making progress, or for committing a new crime. Once the decision is made to consider removing you from the MHC program you will have a right to a hearing. This hearing will determine whether you will be removed from MHC. If you are removed from the program your original sentence, based upon your original guilty plea or admission to a probation violation could be imposed.

INFRACTIONS / INCENTIVES

Violations / Behaviors:	Sanctions include but not limited to:
Missed drug / alcohol tests	<ul style="list-style-type: none"> * Paper * Community Service * Increased drug / alcohol testing * Electronic Monitoring * Jail
Tampering with drug / alcohol tests, i.e. dilute	<ul style="list-style-type: none"> * Paper * Document a fluid log * Increased drug / alcohol testing * Community Service * Jail * Possible Termination
UA/BAC positive for drugs or alcohol	<ul style="list-style-type: none"> * Increased drug / alcohol testing * Increased support meetings * Increased treatment * Treatment phase adjustment * Writing assignments / journaling * Immediate arrest
Missed meeting with probation	<ul style="list-style-type: none"> * Paper * Add or adjust curfew * Community Service * Phase adjustment * Jail
Missed treatment meetings	<ul style="list-style-type: none"> * Paper * Increased treatment * Increased support meetings * Phase re-adjustment * Community service * Writing assignments / journaling * Jail * Possible termination
Missed support groups	<ul style="list-style-type: none"> * Paper * Electronic home monitoring * GPS unit * Make up meetings * Adjust curfew * Jail
Inappropriate behavior at treatment	<ul style="list-style-type: none"> * Paper * Community Service * Written apology * Jail * Possible termination

Confessing to use / relapse	<ul style="list-style-type: none"> * Written assignments / journaling * Adjustment of treatment * Jail
